

THE UNITED LODGE OF THEOSOPHISTS

Declaration

The Policy of this Lodge is independent devotion to the cause of Theosophy without professing attachment to any Theosophical organization. It is loyal to the great Founders of the Theosophical Movement, but does not concern itself with dissensions or differences of individual opinion.

The work it has on hand and the end it keeps in view are too absorbing and too lofty to leave it the time or inclination to take part in side issues. That work and that end is the dissemination of the Fundamental Principles of the Philosophy of Theosophy, and the exemplification in practice of those principles, through a truer realization of the SELF; a profounder conviction of Universal Brotherhood.

It holds that the unassailable basis for union among Theosophists, wherever and however situated, is "similarity of aim, purpose and teaching," and therefore has neither Constitution, By-Laws nor Officers, the sole bond between its Associates being that basis. And it aims to disseminate this idea among Theosophists in the furtherance of Unity.

It regards as Theosophists all who are engaged in the true service of Humanity, without distinctions of race, creed, sex, condition or organisation, and

It welcomes to its association all those who are in accord with its declared purposes and who desire to fit themselves, by study and otherwise, to be the better able to help and teach others.

"The true Theosophist belongs to no cult or sect, yet belongs to each and all."

The following is the form signed by Associates of the The United Lodge of Theosophists:

Being in sympathy with the purposes of this Lodge, as set forth in its "Declaration," I hereby record my desire to be enrolled as an Associate, it being understood that such association calls for no obligation on my part, other than that which I, myself, determine.

Programme for October - November - December 2018

Each man's life and character are the outcome of his previous lives and thoughts. Each is his own judge, his own executioner, for it is his own hands that forges the weapon which works for his punishment, and each by his own life reaches reward, rises to heights of knowledge and power for the good of all who may be left behind him. Nothing is left to chance, favour, or partiality, but all is under the governance of law.

The Secret Doctrine

by

Madam H.P. Blavatsky

A study of Occult Cosmogony which shows that "Nature is not 'a fortuitous concurrence of atoms,' and to assign to man his rightful place in the scheme of the Universe; to rescue from degradation the archaic truths which are the basis of all religions; and to uncover, to some extent, the fundamental unity from which they all spring; finally, to show that the occult side of Nature has never been approached by the Science of modern civilization.

Thought for meditation

What should be done is to realize that "the Master-Soul is one," with all that that implies; to know the meaning of the old teaching, "Thou art That." When this is done we may with impunity identify our consciousness with that of anything in nature; not before. But to do this is a lifetime's work, and beforehand we have to exhaust all Karma, which means duty; we must live for others and then we will find out all we should know, not what we would like to know.
